

**EXPANSION BY INNOVATION**

Thermik was founded in 1968 in Pforzheim, Germany and has established itself as one of the leading manufacturers worldwide.

Customer orientated products based on the highest technical Know-How as well as continuous development have made Thermik the innovative market leader in the world.

**We produce and sell only self-developed and patented products, which are according to the highest technical level.**

Thermik's head quarter is situated in Pforzheim. We are producing in an equivalent way in our subsidiaries in:

- Thermik Keramische Bauelemente GmbH / Hermsdorf, Germany
- Thermik Thüringen / Großfurra, Germany
- Malthermik / Kuala Lumpur, Malaysia
- Thermik New Bern / NC, USA

Our efforts are guided by your needs and demands. Thermik means quality and reliability.

**More than 3.000 customers on 5 continents rely on us!**

**AUTOMATION**

The most sophisticated production equipment- for small as well as for large quantities- enables us to deliver on time. Reliability which stands alone.

**QUALITY**

Each Thermik product will be tested 70 times from production start until shipment. The fully automated quality control with self-constructed machinery guarantees optimum quality.

**KNOW-HOW**

More than 25 years of experience in our own special tooling department contributes to secure the most complex production steps and to manufacture with most efficiency.

**Apart from Temperature Limiting Switches we offer:**

- PTC - thermistors and cutouts
- PTC - heating ceramics
- PTC - overload resistors
- PTC - sensors
- ZnO - Varistors

Specific product information is available. Please do not hesitate to ask.
